"GOD BLESS AMERICA"

Along with millions of other Americans, we watch with emotion and great pride as our Viet Nam prisoners of war return to freedom and to their home and family. These men have survived degradation and humiliation and worse for years. They have displayed the strength of character and patriotism to overcome odds that would break lesser men. We are proud that our nation chose to press for their release instead of abandoning them to the mercy of their captors as the political opportunists, backed by our detractors, defamers and deserters, advocated. Our hearts fill with pride to hear, "God bless America and our Commander-in-Chief," from men who say it from their hearts. For one brief moment in our modern history, the patriot has the stage.

Taxpayers and Voters

I ask your support.

- Being a member of the Water Pollution Abatement Committee since its inception, I will be bringing valuable knowledge to the Board of Health.
- I am definitely not for construction of a town sewer at this time. As a taxpayer, I think we need some time to breathe before increasing our tax burden.
- There are areas of Mattapoisett that should have town water before any major sewer project is undertaken.
- I would like to institute on site inspections of building lots before accepting septic designs for any designated areas.
- A more thorough percolation test should be instituted for problem areas.
- Being self employed, I will be available often to deal with problems.
- I would see to it that all available medical programs are secured for the townspeople, mainly our senior citizens whom we should never forget.
- I am not sponsored by any special interest group or groups in any way.
- I have over 13 years practical experience in the proper installation of septic systems.
- Property Owner - Taxpayer - Concerned.
- I will not claim or imply to be anything that I am not.

Section 81T Whoever practices or offers to practice engineering or land surveying in the commonwealth without being registered in accordance with the provisions of this chapter, or presents or attempts to use as his own the certificate of registration or the seal of another, or gives any false or forged evidence of any kind to the board or to any member thereof in obtaining a certificate of registration, or falsely impersonates any registrant, or attempts to use an expired or revoked certificate of registration, or violates any of the provisions of sections eighty-one D to eighty-one S, inclusive, shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment in a jail or house of correction for a period not exceeding three months, or both.

SALT DANGER NOTED

The Water Department Superintendent Charles Morgan and the Mattapoisett Board of Selectmen conferred on a report that highway salt might be stored on property just south of Route 195 on North Street. The Selectmen pointed out the danger to the ground water supply of both the Mattapoisett and Fairhaven wells to the Division of Environmental Health in Lakeville.

Rep. Margaret Heckler has advised Mattapoisett Board of Selectmen that the War Department does not have the information requested by them because files are not maintained alphabetically by city and town. The Selectmen want to compile a complete

Talk on Apparitions Tonight

The name of Garabandal, Spain, "The Village of Apparitions", is becoming well-known throughout the world. Like Lourdes and Fatima, it is becoming famous for the apparitions which appeared before 4 young girls. On Wednesday, February 21st, at 7:30 P.M. at the K of C Hall, Route 6, Mattapoissett, Mrs. Maria Sarace of Brockton will speak on the subject. Mrs. Sarace was an eye witness to one of these events and has traveled extensively throughout the country describing the scene. Accompanying her talk are slides. The general public is invited.

FORMER RESIDENT DIES

Word has been received here of the death of Mrs. Milton (Muriel) Thompson on February 2nd in Virginia Beach, Virginia. Mr. and Mrs. Thompson and their two daughters, Gail and Debby, lived in Mattapoissett for several years while Mr. Thompson was stationed in this area with the United States Coast Guard. Help The Carriage Shed!

FUND TO RESTORE CARRIAGE SHED

Mattapoissett area residents who feel historic structures in the town lend something to its charm, dignity and heritage and ought to be preserved are invited to provide financial help to restore the carriage shed at the Congregational Church.

In a bad state of disrepair, the carriage shed on the Barstow Street side of the church, built in the 1840s, probably will be razed if public support for funds cannot be obtained.

A committee of 10 concerned with the restoration of the structure was formed at a church precinct meeting last month where it was disclosed the church was financially unable to underwrite the cost of restoration from an already overtaxed budget.

Serious consideration was given to demolishing the building.

Initial cost estimates for the restoration work ranged upwards of several thousand dollars. But committee members, headed by Winfield Jenney, believe the work can

Letter to The Editor

CANDID APPRECIATION

On January 24, 1973 a four room bungalow owned by the writer hereof, and located on Brandt Island Road, was extensively damaged by fire. Fortunately, nobody was in the house at the time, nor was anyone hurt. This letter is written in behalf of the Mattapoisett Fire Department to "tell it like it is".

At times, I'm sure everyone will agree that the valiant men who serve our town through the fire department are criticized in an adverse manner by such arbitrary rumors as "they wrecked the place", "the axe is their arm", etcetera. Believe me, a person who experiences such a horrible mishap as a fire is one of the best qualified to judge the members of our fire-fighting team. Being in this position, I cannot praise these men enough as just one thorough survey of the house clearly shows that these men knew exactly what to do, when to do it, and how to do it.

There wasn't one bit of unnecessary house wrecking, and evidence of how they tried to save as much of the structure as humanly possible is very clear. Their precise and quick actions in responding to and stopping this fire is commendable beyond words.

At this point, I would like to interject a sincere "Thank You" for a job well done, to the Mattapoisett Fire Department and an

honorable mention to Fire Chief Paul Bradley, who leads these heroic men, is first on the scene, and always occupied in the heart of the action.

We should all be very proud and appreciative of living in a town which maintains a capable and expeditious fire department, which is certainly worthy of the highest esteem.

Gratified town residents such as myself will never be critical of such a fine outfit and hopefully all town people will evaluate such happenings closely before rumoring. If they do, they will find that there is only justification for gratitude and praise, and not criticism.

Evening Symphonic Concert

TUBAIST TO APPEAR WITH SYMPHONIC BAND

Stepping into the soloist's spotlight at the March 9 evening concert by the Regional Symphonic Band will be Boston Symphony tubaist Chester Schmitz, who will be recognized from his appearances on television broadcasts of the Symphony and Boston Pops programs.

He will play "Carnival of Venice" and a Mozart Concerto on his tuba, that usually is not thought of as a solo instrument. A member of the Boston Symphony since 1966, he has played with the University of Iowa Symphony Orchestra, the United States Army Band and the White House String Orchestra.

Once again directors of the Tri-County Music Association urge season ticket holders to be in their seats by 7:45 P.M. for the concert that begins at 8.

The Association's scholarship committee has furnished the guidance office at Old Rochester Regional High School with information on eligibility requirements for the music scholarships the organization awards

SIPPICAN SENIORS GAMES PARTY

The Sippican Seniors of Marion enjoy having all ages around the tables at their Games Parties. An observer would think that the lively progressive whist group had the most fun, but several individuals bring favorite table games and settle to them peaceably with some like-minded friends. Others come for conversation. The Games Parties are held on the third Wednesday of each month, at the Congregational Community Center, Marion, at 1:30 P.M. A small admission fee is charged. If possible bring an article suitable for a prize. This month the third Wednesday is February 21st.

SENIOR CITIZENS

The Council on Aging of Mattapoisett wishes to remind the Senior Citizens that

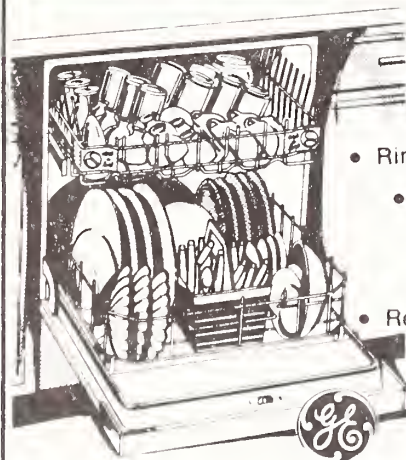

their interest, welfare and happiness is utmost in their mind. They are concerned! The Drop-In Center is temporarily closed, due to inclement weather, sickness and people being away on vacations. In spite of these reasons for being closed the main cause is the lack of volunteers. Two or more are needed each day to be in attend-

Reservations should be made with the office as soon as possible. Mrs. John F. Harrington will be guest speaker for the Wives and Mothers Society on Wednesday evening, February 28th, at 8 P.M. Her subject, "Art, Dutch and Italian Schools," will be illustrated with extraordinary colored slides showing work of the masters. Mrs. Harrington's comments and narrative will make the program especially informative and unique.

Collecting slides of famous paintings has been Mrs. Harrington's hobby since she was 18 years old. Representative reproductions from the National Gallery in both Washington and London, the Freer Gallery in New York, Uffizi Museum in Florence and the Accademia in Florence will be shown. Also a few slides will show paintings in the Fine Arts Museum and Gardner Museum, Boston.

This writer has always felt that THE PEN IS MIGHTIER THAN THE SWORD and feels her investment in 8¢ stamps in all directions is not extravagant but of vital necessity to her life work for Christ and country.

It is only logical that our elected representatives are somewhat influenced by the tone of the mail they receive. Though I do believe that Vice President Spiro Agnew made known that there is a SILENT MAJORITY and he has done much to stimulate it, not only as regards TV news programming but this awakening Silent Majority is growing and growing - so that pressure groups of the liberal left are not as powerfully bowed down to as in the past.

Letters to your Senators or Congressmen, letters to newspaper editors, to TV and radio stations can be an imponderable but important force in the national debate on American foreign and domestic policy - as well as ethical and moral decisions. They can supply a needed antidote to the poison that is

How does an individual go about this strategy of letters? If you want your letter read, make it legible. Type all letters if you can, and keep a carbon copy for your files or to send to some other place of influence. Write on one side of the paper and make your letters to the point as they are being directed to very busy people.

Americas, New York 10019.

It is up to us to have those expressing the moral, patriotically-sound American viewpoint the biggest mail. It is known fact that the Communists here in this country (though some discount them as a small group) can stimulate 50,000 letters through their various "fronts" on any given subject. The Silent Majority should be able to stimulate at least a million!
